

## ESL Summer School 2017

Dear ESL Families,

Enclosed is information regarding our ESL summer school program. The ESL summer program is a five week session, running from July 10 – August 11, 2017, from 9am-1pm daily.

Our ESL summer program is a five week course with intensive English instruction. Students will be receiving instruction in reading comprehension, grammar and writing, and oral presentation skills. Typically, the summer program has a smaller class size, which allows for extensive one on one and small group instruction. Homework will be given nightly. This is an excellent opportunity for international students to receive extra English preparation and instruction before the fall semester begins.

Feel free to call the Sierra School office if you have any further questions.

Sincerely,

*Carolyn J. Grundt*
